

It is with both sadness and gratitude that we announce that Linda Bielskis is resigning as President/CEO of UNIFIED - HIV Health and Beyond (UHHB), effective February 21, 2020 for family related reasons.

Linda assumed her role in January 2019 and in one year has made significant strides in strengthening the organization, hiring capable new staff, and identifying several significant and exciting partnerships for UHHB to explore. The Board of UHHB has the utmost confidence in the organization's senior leadership and looks forward to supporting their continued work and efforts.

While a national search for a President/CEO is conducted, the UHHB Board is exploring conversations with Interim President/CEO candidates with a goal of naming such an individual soon.

As the largest HIV-AIDS service organization in the state of Michigan, UHHB has an important role to play in stemming this epidemic and will continue to serve its ten-county service area and clients with the highest quality of care, delivered with compassion and the best possible outcomes.

Linda leaves UHHB in a strong position for continued growth, and we sincerely thank her for her insight, dedication, contributions, and leadership. The Board wishes her the best of luck and opportunities in her future endeavors.

Sincerely,

Eve Mokotoff
Board President
